

**WORLD CONFERENCE
FOR INSPECTION &
MAINTENANCE ROBOTICS
2024**

OCTOBER 29 - 30, 2024

A Room With A Zoo | Antwerp, Belgium

The SPRINT Robotics World Conference for Inspection and Maintenance Robotics

is an industry-specific event to endorse the large-scale application of robotics for inspection and maintenance. The two-day program includes international speakers, networking opportunities, an evening banquet, the presentation of the SPRINT Robotics Awards winners, panel discussions, and an exhibition showcasing and demonstrating robotic solutions from service and technology providers from the industrial inspection, maintenance and cleaning domain. The conference program covers a broad scope of market sectors, ranging from petrochemical and energy to public and water infrastructure, aerospace, subsea and next generation technologies.

WHY ATTEND?

Whether you're an I&M robotics professional, asset owner, industry leader, researcher, or enthusiast, this conference is your gateway to the future of inspection and maintenance robotics. Don't miss out on this unparalleled opportunity to connect with experts, exchange ideas, and stay at the forefront of this rapidly evolving field.
